Hi Johanna-- not sure who to send this to but is this something you can help with? Or suggest other contact? Maybe coordinate with Lisa- working from home-- to connect with Bill Keener below?

Hey Rich – Bill Keener and I were trying to help pull together a fact sheet with some history on mining in Colorado (the state has 22,000 mines?), a little about the mine complex in the Upper Animas River basin and a quick snapshot of the incident, with a map/graphic, etc.

We thought that would be good to put up on the web page, and it could be good to hand out at meetings, etc.

Who would our folks work with in R8 to pull that together? Or are you already working on something like that?

Call me or Bill anytime!

Kelly
